

DELEN

PRIVATE BANK

Supporting fine arts
2013

Delen Private Bank is proud to announce for the seventh time in a row its partner- and main sponsorship of the 'Brussels Antiques and Fine Art Fair', BRAFA in short.

The Belgian antique dealers - whose President is Mr Harold t'Kint de Roodenbeke - and Delen Private Bank share a common ambition, achieving a high-quality fair.

The slogan underlining the harmonious cooperation between above-mentioned partners is '*Delen Private Bank, Supporting Fine Arts*', with which Delen Private Bank wants to emphasise its profound wish to support fine arts in order to maintain the cultural heritage for present and future generations.

Delen Private Bank's reception lounge can be found at the rear of the Bank's stand. We hereby warmly welcome all journalists in the lounge to exchange thoughts and ideas on the broad range of artworks that the fair has to offer.

Delen Private Bank is part of the Ackermans & van Haaren group (AvH). AvH is a diversified group active in several key sectors of the economy that is listed on Euronext Brussels and included in the BEL20 index.

As a private banker, Delen primarily focuses on asset management for private clients, whose assets are invested according to a prudent investment policy. We are very proud having been awarded with Euromoney's award for 'Best Private Bank in Belgium' four years in a row.

Delen Private Bank is a supplier of thought-through and balanced investment strategies that are tailored to the personal profiles and financial objectives of each client.

The investment managers and patrimonial advisors present clear solutions that simplify our clients' asset planning.

Even in the current economic context, our continuous commitment to our long term vision and investment policy pays off. With more than 17 billion euro worth of entrusted client capitals, the Bank has grown to one of the biggest independent private bankers in Belgium.

The clients value the availability of Delen Private Bank's investment managers, as well as their transparent communication and the continuity of the relationship. Their practical approach is a real asset.

Your assets deserve our expertise
